This gastronomic event is the only one of its kind in Africa and the Arab world. It will give winners access to selection for the confectionery, bakery and ice cream making World Cup as well as the catering chefs' World Cup, reported MAP.

This culinary event will include round tables, exhibitions as well as the presentation of new equipment, explained the Cremai organisers.

This event was initiated by the association "*Club coupe du monde de la pâtisserie au Maroc*" (World Cup Club of Confectionary in Morocco). Some 120 Moroccan culinary arts specialists as well as international Master cake makers and bakers will participate in it.

Moroccan teams have already been distinguished various times in international culinary competitions: they reached the fourth place at Catering Chefs' World Cup last October, became the champions of Africa and the Middle East at the Louis Lessafre Cup for bakery, and obtained the best promotion prize at the cake making World Cup, which took place last January in Lyon (France).
